Dear Mr Pizani Flor,

I am very pleased to offer you admission to the Computing Science Master's programme. Your application made it through a very rigorous review, and we believe you have every chance of making a great success of your studies at our Graduate School. Please accept my warmest congratulations!

You will find the official letter of acceptance below.

Attached to the e-mail in which you received this letter you will find two additional documents.

The first is a Confirmation Form with which to accept your place in the Master's programme. You can return this to us by e-mail. Please take note of the deadline for doing so mentioned in the e-mail.

The second attachment is the magazine 'Welcome to Utrecht', with general information about studying and living in Utrecht.

Once you have accepted your place in the Master's programme, you will receive an e-mail from the Admissions Office of Utrecht University with information on how to arrange all practical matters such as housing, insurance and if necessary, a visa.

We look forward to welcoming you to our university!

Kind regards,

J.B.A. Maintz, PhD  
Admissions Committee of the Graduate School of Natural Sciences.
